

IRO — Issues Reporting Outlet

CSC426 Weekend 3 Development — Dr. O. O. Ajayi **Matric No:** 220404145 | **Name:** Jokojeje Ayomide Elliot

About

IRO (Issues Reporting Outlet) is a web-based solution for relating and reporting issues concerning AAUA students and indigenes of the host communities — Akungba, Iwaro, Etioro, and Ayegunle.

Contents of this repository

File	Description
<code>index.html</code>	Mini web interface — report an issue, view the public issue feed
<code>ishikawa_diagram.png</code>	Ishikawa (fishbone) root-cause analysis of the reporting problem
<code>usecase_diagram.png</code>	Use-case diagram showing system actors and interactions
<code>SRS_IRO.docx</code>	Software Requirements Specification — functional & non-functional requirements

Community Questionnaire

Google Form distributed to students and indigenes:

https://docs.google.com/forms/d/e/1FAIpQLScJp3DUx7lum4Q2hYwy_5W6KHv2gD0MOfTMdxTp2AH1TwOZ9A/viewform

Running the web interface

Open `index.html` in any browser — no build step or server required.
